MOTHER / ALCYONE [M/A]

Greetings in the Light of the Most Radiant One. In the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame!

Greetings, Children of Ra!

Indeed the energies are alive with magic and it is this awakening that's happening! 12 strands of DNA fully activated - happening at this this time. It's a huge deal with what's happening with our bodies, temples of Living Light, Living Love.

There is no death, as he (Kryon) just said. There is only this transfiguration, as the light that is pouring in is changing these temples of Living Light, Living Love - crystalline DNA. This paradise we speak of is here and now, in spite of the illusion of darkness.

- There are trillions, gadzillions, of souls that are here making this shift, along with all of us: this is the center stage! It's a huge deal! !
- And the way we do it is with Love: so simple, yet so difficult with all the stuff that's gone on!

The harmony of the spheres: this is the awakening – let the old ways go and listen to the harmony of the spheres; it's how we transcend the energies at this very moment.

- The illusions of the matrix are what they are: let them be. The mission here is with us ??? deal? (inaudible)

It's not just talk; it's transforming, transfiguring Living Light, Living Love - physical matter.

- There are so many awesome things unfolding at this time on this planet.
- Like we have been hearing, it is a glorious time to be here and, at the same moment, we are the ones who asked to be here, with the wisdom of how to change this in the twinkling of an eye, right now.
- We have the ability to shift this realm! It's about Love and being in that Oneness: that simple.

Yes?

T: is zero a number?

M/A: Zero is a most unique symbol:

- Zero can open portals to all kinds of places, even inside us!
- Zeros and ones: these geometric patterns that we see in the sky that make up life and hold a sacred sound; these sounds are the harmony of the spheres.

- Mr Grant gonna open that story up here – that there is a method to the madness of this story of creation.

We would not have invited you to join the journey if we knew it wasn't going to turn out the right way.

- This is the hour, as this holy light of this new moon, solar eclipse, continues to make waves across the galaxy: expect more of the unexpected.
- The adventure is that which we asked for: it is simply light passing through various forms of other frequencies of Light

As things unfold here, keep it simple: work with the energies of The Force, that which is inside each of us.

- This is what the messages are saying: if you want to transform this reality, use the Force; it is right here in our midst, asking us to tune in, talk to our strands of DNA – it works! ! !
- When you are in the Great Silence, things unfold that are this magic we speak of – gotta let everything go; allow it to just flow - it's quite amazing to watch.

T: did you finish your ideas about the time That we're in? ? ?

M/A: this time we're in - so amazing to behold. The very fact that we are having this discussion is amazing in and of itself.

- Like Kryon said, so many of us are here, yet we are you and, once we get past the package - whatever it looks like or seems to look like – some of us are praying mantis people; some of us are ant people; some of us are cat people!

T: Going to have a listen to somebody's idea of what cat people are

M/A: yes, this story is universal; this is why more war is never the answer - Love is always the answer.

- What happened eons ago back in Orion is all gone – that's long gone!
- We will say it again: we are here to collect our wayward children. Things are unfolding unprecedentedly. At this moment, it is not about war; it is about peace; it is about the awareness.
- Every single soul has a most magnificent journey ahead as part of this grand story. How it unfolds is love and compassion, and the wisdom to realize when we are being fed the matrix.

That's where you gotta have that discernment, and you listen to the inner voice within the Force – it speaks so loudly . . . just gotta listen!

T: listen to our heart's song . .

M/A: listen to the heart's song - yes, it is the sound of the sacred bell that, when you strike the bell, the sound goes out across space time – just gotta be in the moment

Both: Greetings in the Light of the Most Radiant One

Cats As Starseed Guides / Using The Eclipse In Manifestation

Hosted by [Lisa Garr](#)

Guests: [Sylvie Sterling](#), [Yasmin Boland](#)

Saturday - April 6, 2024

Show Audio <https://www.coasttocoastam.com/show/2024-04-06-show/>

About the show

[Sylvie Sterling](#) is a cat whisperer, feline expert, author, and awakening coach. She joined guest host [Lisa Garr](#) ([email](#)) in the first half to reveal how cats are starseeds and guides that can help us in our lives. Starseeds are souls originating from other planetary systems who incarnate on Earth to assist humanity in its awakening process, Sterling explained. These starseeds often feel disconnected from Earth, and have a strong yearning for something greater, she added. They may exhibit signs such as feeling different since childhood, a strong connection to animals, fascination with stars, and a sense of having a mission without knowing its specifics, Sterling continued. Humans and animals can be starseeds, with cats being particularly common as starseeds given their close connection to feline races from various star systems, she reported, noting these beings aim to help humanity awaken to their true selves and join the broader cosmic society.

Sterling delved into the spiritual aspects of cats, including their ability to connect to higher dimensions and universal consciousness. Cats are seen as spiritual guides, and offer comfort, healing, and guidance to humans. She described the relationship between humans and cats as mutually beneficial, with cats helping humans awaken their intuition and hone their psychic abilities. Sterling emphasized the importance of compassion and love in all efforts to assist cats, whether through adoption, spaying/neutering, or providing care to senior felines. Cats are profound spiritual companions, and can teach humans valuable lessons in empathy, nonverbal communication, and intuition, she concluded.
