AUDIO: Prediluvian Harmonic Pyramids: A Global Model

<https://www.gaia.com/video/prediluvian-harmonic-pyramids-a-global-model>

S 2:Ep 1 1 hr 13 mins

Was there a prediluvian geometric standard for constructing pyramids around the globe? A mathematical analysis of the three pyramids of the Giza Plateau reveals a pattern consistent with Egyptian Mystery School teachings, 'Pythagorean' ideals, and the musical/harmonic interval.

Robert Edward Grant demonstrates how this same pattern extends beyond the Giza Plateau to include the Bent and Red pyramids (Dahshur), and the Medium and Abu Rawash pyramids. Grant also shows how this integer interval/harmonic pattern reaches even further to include other Prediluvian pyramids located outside of Egypt, including Mexico (Teotihuacan and the Yucatán), Faroe Islands, and Xian China, citing strong evidence for a global geometric standard for pyramid construction.

Hola New Paradigmers!

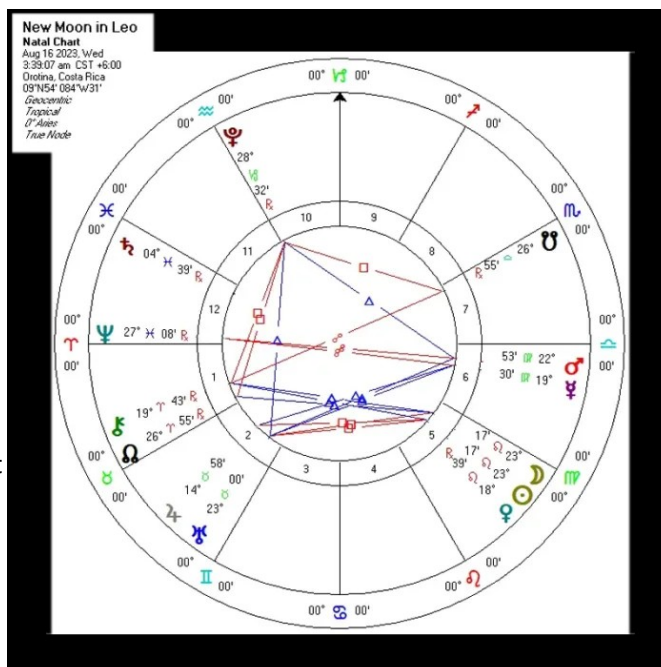

In so many ways, the energy of this week swirls around our relationship to our ego. The ego, which cocreates, maintains, structures, plans, and executes our daily reality, is a super important aspect of our total being. So much so that it is tempting to identify with it and its gains and losses, attractions and repulsions, power, intelligence, and talents as our actual Self. Indeed, that is what we have been taught in school!

However, when one embarks upon a spiritual path and gains greater awareness of the soul and Spirit, **the ego needs to take a more subservient role** and act in accordance with soul/spirit directives and less with self-interest and belief in separation so it can function more as a channel for Spirit intentions. This brings us to the Leo/Aquarius axis and the immature vs. mature expression of the Lion/ess.

This week's New Moon, Sabian symbol, and Sun/Neptune/Pluto yod all point to **the need for us to tame our egos and align them with a higher vibration** or experience conflicting ego battles, which of course, can descend as far down as physical ill health or violence. The need to dominate, control, be right no matter what, and have ownership over people, places, and things stems from the mistaken sense of ego as Self.

However, we can also take **this week's yod as an opportune time to master the ego** and realize a descent of spiritual power in, with, and through us as a result. As I spoke of in the Pele Report, this is walking the knife edge between incarnating too deeply or excarnating outta here, between sinking so low into the ego that we lose sight of our Spirit-Self or letting go of our ego so much that we space out, numb out, trip out, and lose touch with reality. Finding the balance between these extremes, **the middle way opens us to the genius, truth, and greatest potential that is Aquarius in its purest form.**

When I try too hard to impress other people,
I get uptight and anxious.

But when I allow the Spirit of Life,
To use me I am no longer nervous.

Yes! Retrograde means retreat! So let's retreat together, do some astrology, yoga, gong, swimming, tantra, you name it. For an interdisciplinary approach to awakening, [join me at one of my workshops](#) coming up this fall! ⚡

Regarding yods, I wanted to go into them a bit more because they show up often in natal charts and can be a lifelong challenge. **The inconjunct aspect is like "ants in the pants"** that just won't go away and continues to bother you until you do something about it. Even then, it can continue as a chronic condition that you must adapt and get used to.

In many ways, it is a guilt (*Virgo*) / shame (*Scorpio*) aspect that creates stress-related health challenges. I consider this a major aspect in many ways, as **it has great lessons in acceptance and fortitude** that push us forward to new heights. The yod is a double whammy! As I say in the Pele Report, mastering TWO inconjuncts kicks the sextile into gear, and off you go to new heights never attained before. So go for it!

Astrology Numerology Forecast 17:52**

NOTE: HAVE USED THE TEXT FROM TWO PODCASTS : THE ONE IMMEDIATELY BELOW, PLUS THE ONE FROM [23:23:23 Leo New Moon – Royal Star of the Lion \(Aug 13, 2023\)](#) - the videos posted with the two podcasts are the same.

The third Mercury retrograde of the year begins August 23, the Royal Star of Lion number which has been activated numerous times since July 23! Venus will still be retrograde for the first 11 days and Mercury retrogrades in its own sign of Virgo, making this an especially potent time to focus on inner growth, spiritual renewal, improvements and a quest to go back to nature.

On August 16 an extraordinary **New Moon in Leo** activates a profound LEO-LION code!

- This New Moon has the Sun and Moon at **23° Leo**, which is quite extraordinary, since **23 is the Royal Star of the LION number**.
- Sun and Moon will be square to Uranus – ALSO at **23** degrees.
- Since it is **2023** – another **23** is introduced into the code!
- Furthermore, MARS will be at **23°** moments after the Leo New Moon, creating a Gorgeous TRINE to **23°Uranus!!**

Wow!

That makes **5 – 23's**.

And 23 reduces to **5** ($23 = 23+3 = 5$) – making it **five 5's!**

Along with the courage, leadership and confidence of 23, **5 adds adventure, freedom, exploration, quick decisions, excitement.**

As it happens, the sign of Leo also rules the **5th House** in Astrology...

Love – Leo rules the **heart** in astrology.

Light – Leo's ruling planet is the **SUN** – a Star!

So the full message of the Leo New Moon is:

- *Awaken to the LOVE and LIGHT that you ARE.*

Sun and Moon are conjunct **Venus** activating a *lovely, happy, effortless, pleasurable and abundant energy.*

You feel free to generously share your heart.

With the square from the New Moon to **Uranus** and the August **16** date, there is also *unpredictable energy.*

Meditate, get grounded, exercise, get extra rest and know that everything is going to move pretty quickly.

With this code your intuition, your hunches are your best guidance.

Of course, this is all part of the ongoing magnificent awakening – destined in the stars – and covered in-depth in the FREE online webinar, "How To Master Your Stars: The Truth About Taking Your Power Back."

Apply the star code wisdom right away and **experience what it means to step into the Lion frequency with Courage, Passion and LOVE!**

AUDIO: 2023-08-17 Goddess Isis/Horus Transmission: Clearing Ancient Atlantean/Egyptian Dark Alchemy and Magic.

<https://thesoulmatrix.com/2023/08/17/goddess-isis-horus-transmission/>

Steve Nobel

The Law of One...

Atlantis experienced a great golden age of spirituality and technology where there were temples of light dedicated to the Law of One. Eventually, a darkness began to enter that civilisation where those souls who were not aligned with the light brought a great darkness which ultimately led to the complete destruction of that civilisation. Following this destruction there arose another colony in Egypt which was founded by survivors of those following the Law of One. However, darkness found its way to that colony and the fight between light and darkness arose once more.

Black Magic and Dark Alchemy...

This created the final destruction of Atlantis and this caused a major shift on the planet, both ecologically and vibrationally. The earth experienced a lowering of vibration from 4D to 3D and this has affected the planet until this time of ascension. Many Starseeds are still affected by the impact of this and of ancient black magic touching their fields.

In this transmission...

We call up the Goddess Isis, her son Horus and other helpful beings to clear all interference from black magic, and other forms of dark interference such as curses, spells with a particular focus on clearing Atlantean and Egyptian black magic. There is also a clearing of parasitical energies, the dark and corrupted Atlantean grid, and other forms of disturbance that can accompany black magic. There is a retrieval of any soul parts/fragments you have lost due to death involving black magic. The transmission ends with a protective energetic sealing of your chakra system and all physical openings in your body.

2023-08-17 A Message to Light Bringers – August 17, 2023

Updated: 2 days ago

This week's guidance from the Ascended Masters, Galactics, Earth Elements, Fae Elders, Angelic legions, Archangels, and other Divine Beings known as the Collective:

Greetings, dear ones! This week our writer has some questions she would like to ask about the fires in the town of Lahaina in Hawai'i, and we are happy to assist.

COR: My friends, today I need to ask you about Lahaina on the island of Maui, and the events that led up to the incineration of that beautiful coastal town, and the loss of so many homes and businesses, as well as human life and animal life. And many sacred sites, including burial sites of Indigenous chiefs, and artifacts and histories of the local Native people. Local officials are making excuses as to why the alarm sirens were not sounded immediately, why local emergency teams and law enforcement were not on the scene fast enough.

There were also highway exits blocked off, so that local people could not exit the area.

There are photos of a perfect circle of fire inside the town, and some trees that were seen as untouched, while others nearby were incinerated. Boats in the harbor caught fire, though they were afloat and not near the shore.

Many are talking about photos and videos that captured images of the beams from directed energy weapons being used on Lahaina, as they were used on the town of Paradise, California, among others. **Many of us knew intuitively that this was the case, as soon as we heard how fast the fires spread, with extremely high winds spurring them on.**

https://www.youtube.com/watch?v=UibLnHKy6xk&ab_channel=CarolineOceanaRyan

18:33

All of this was intentionally created, so we ask for your input and higher view. It is a particularly potent event, as Hawai'i is the last visible remnant of Lemuria, and Lahaina at the center of the area many consider to be the heart chakra of the Earth, as well as being the birthplace of Royal Hawaiian families. It has long had such a strong indigenous presence that's a very conscious, very proud of its roots. The sacred sites should be preserved and treated as such. Many feel the powers that were are set on making that town an AI-controlled, "15-minute city" under totalitarian control.

The trauma suffered by so many, both animal and human, as well as the Earth, will be considered by the old power crowd to just be energetic fuel for their fast-dissolving matrix. **Could you assist us please, in terms of how we view those tremendous losses?** Thank you in advance for any assistance you can give!

THE COLLECTIVE: Greetings, dear ones! We are as always, very pleased to assist.

In this case, we would say that you are correct that this was a planned attack. One intentionally aimed to harm not only the indigenous of that area, and to debase all sacred sites, but also the energies instilled into the Earth in that place over centuries, by very high spiritual ritual and ceremony.

It also aimed destroy the intentions of the Native people to treat the Earth as a beloved Grandmother, and to treat the Earth as an expression of Divinity, as they know themselves to be also. And so this is a very difficult and unwieldy moment, because you see the presence of all of that innocence and goodness in so many of the indigenous and their children, who were forced out of their homes and barely survived, and as you say, some did not survive on the physical level.

It is to the credit of the Star Nations, that many, many more did not lose their lives to that conflagration. There was significant intervention there; please know that.

It is also a testament to the strength of Mother Earth that She was able to at least partly subdue these falsely spurred on winds, and able to maintain Her integrity below the surface of where the fires were, so that new life will spring up as the old is released.

You are aware that at times, fire represents a kind of alchemy. And this is not to say that there was not great evil enacted in Lahaina, or that it needed to burn up so that something better could come in its place. That is not so.

Yet we would say, that there has long been an installing and an anchoring of darker energies in that part of the world, which in part does explain the well-anchored crime syndicates in the islands of Hawaii, and their goings-on.

Despite the trauma it caused the local population, in the alchemy of that fire, much was released energetically that those criminal organizations were depending upon. These are energetic constructs that one can feel in places in many parts of the world. **It may seem unbelievable, yet the soul groups of the Hawaiian Indigenous have been meeting in the higher realms and deciding that something had to change there.**

Otherwise, the Light they have been anchoring into those islands and all the Earth would not fully take hold in the context of ongoing energetic conflict with the darker energies.

Now, regarding the crime syndicates and the corporate cooperation with those gangs of suited, high-flying persons who are using Hawaii as a port between East and West for their purposes—releasing the energies of these ones does not come as easily as one might think, because they are backed by dark powers which are happy to support criminal enterprises. International drug trafficking being one of them, of course, yet there are others.

And so as you are looking at these terrible fires, and realizing that there were historical sacred sites, artwork, symbols, and archives in that area which are seemingly lost, as well as human life—keep in mind that when someone leaves the Earth, almost without exception, they have decided to take that particular exit point, and to return Home.

In reality there is no loss, because this Earth life is not fully who you are. It is not the real you, as they say.

It is also only a part of who you are, in terms of your etheric capabilities and your soul presence, which is the essence of your true self, beyond all Earth identities and all cultural identifications. Except to say, that some people are rather young souls, and others have been around and traveled the good red road toward higher consciousness and Ascension for quite a while, and are a bit more evolved.

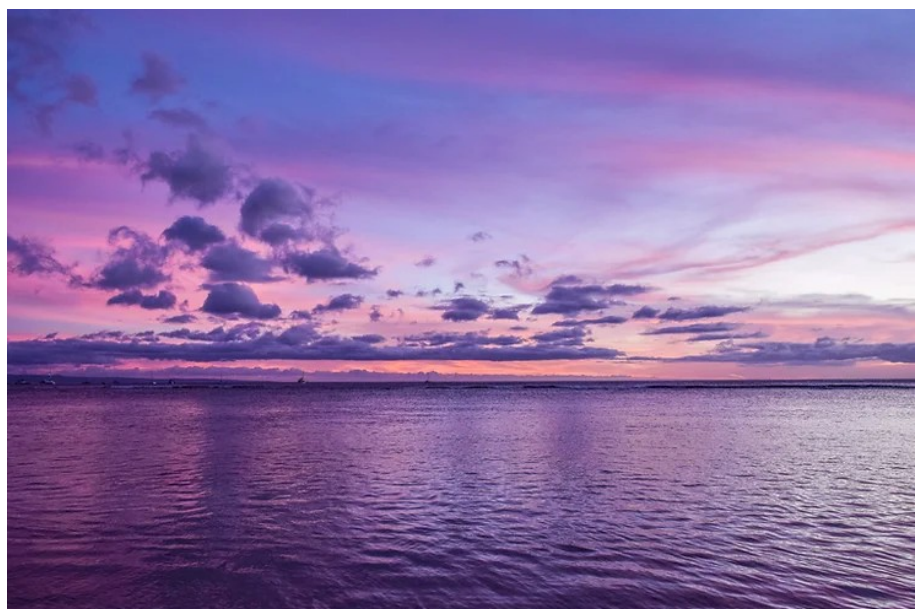

Now, many hearing or reading this will be highly evolved beings who will look at this situation with their empathic sense of caring and compassion, and they will agree that this was a great injustice. And we would say, none of this destruction really needs to happen. And yet, we choose to be patient with Earth's path of transmuting that which can no longer be borne by a planet now moving into the fifth dimensional life.

No one would want to take any form of darkness with them into such a new and beautiful form of living! In this case, the soul groups of the Indigenous of Lahaina, including those ancestors whose bodies returned to the Earth in sacred burial sites, decided to create a very great ceremony.

They saw the timeline containing this horrible event, and took proactive decision to take advantage of what was aimed at them, to burn off in that alchemically potent time much of the energies that have existed in Hawaii over the last few centuries.

These were instilled by the “colonizing forces” that did not come in to “civilize” as they claimed, but to rob, destroy, program, and control. That destructive path stated that all land is something that one can buy or steal, and thereby “own.” Likewise, one could then own and enslave the Native peoples—or annihilate them, or humiliate them, pushing them off their ancestral lands.

In this, they violated the land for their own dark purposes, and while removing Indigenous influence from that part of the world, which, of course, powerfully affects everything else on the planet. So-called colonizing efforts were also a clear agenda to rob humanity of its connections to Star Nations, as well to bring people to a place where they very robotically do as they are told, without question.

What has been termed a “new world order” is actually the old one, and is ending now, though appearances seem to indicate otherwise. All of you and your powerful, Light-filled presences are seeing to the end of those false intentions. This desperate last attempt on the part of the old warlords and their overlords to destroy a powerful stronghold, and a centuries-old Indigenous presence will fail. What the dark machine has failed to realize is that very thing they despise still lives in people’s hearts and minds and souls, whatever may be removed outwardly.

And that whatever they do to the land, or to any Indigenous culture in the outer sense, these actions cannot be compared to the power of what the Indigenous person holds in their own heart-space. They will anchor Light into the land all the more now. We are seeing this daily.

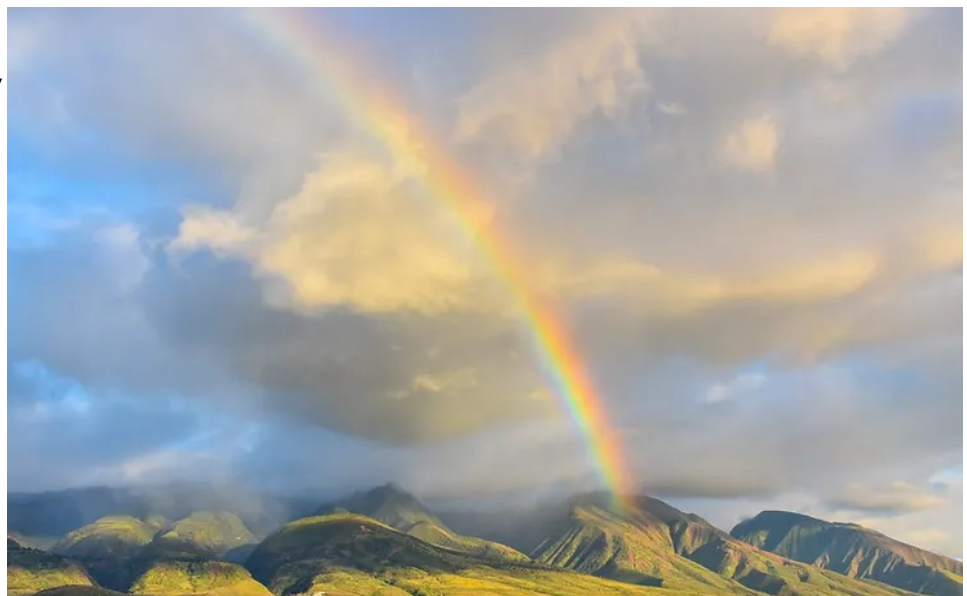

You see as well, widespread concern for the 150-year old banyan tree, held in people’s hearts as sacred for more than a century. Scientists have found in that being a beautiful symbol of rebirth, in that the roots of the tree are still alive, and hold living tissue. **With dedicated care, if it chooses to remain, the tree and its many trunks may well be restored.**

We are assisting with that, as we are assisting those who have lost loved ones, and homes and businesses. Viewed on a soul level, those who lived in that area who have lost their homes and community will be redirected. And as they move to another area, they will be planting that same powerful Light into the Earth in that place.

Do not doubt that Star Nations are intervening! Many of us are powerfully present there. We have not forsaken or forgotten anyone. For those who have lost loved ones, we would say this is a very difficult time, yet the alchemy of that inner fire will be used to re-create much that is in the consciousness and hearts of those who are suffering now. We are aware that this will seem not at all a comfort for those who are in grief. We do not take grief lightly, as it is a profound and very transforming experience, and can be difficult to move beyond.

Yet paradoxically, in loss there can be great renewal. There is the renewal of realizing that physical life is entirely ephemeral, except for that which belongs to the spirit. Be in energetic support of those in Lahaina who are still on the Earth, as they will be actively working now to fulfill the soul contracts they created, in which they are healing not only the land and the community, but also healing other parts of those islands, as well as land elsewhere. Now the attention of the world has been put on Hawai’i, and much love and compassion extended there, with increasing awareness as to the dark plan of how the area will be “redeveloped.” This consciousness and the Light it holds far outshines and outstretches any dark presence or intent!

And this too is a higher reason, for those needing one, for why such events have occurred.

You will recall that after the dark events of September 11th that so much Love, empathy, and compassion was expressed by the people of the world to those of the United States, that it lifted the vibration of the entire planet.

None of these events are for naught, dear ones, though it may appear that way at times. **In time, all reverts to the Light from which it came.** The shock and trauma experienced during and after such events are never the full story. **We assure you that your Star Nations families are hard at work at every hour, with many ships above the island of Maui, and many personnel of the Ashtar Command working to heal and assist, to help restore courage, inner balance, and normalcy, yet on a far higher level than it existed prior to this time.**

The waters reaching that coastal town are full of healing as well, despite the dark side's attempts to kill off all ocean life, and to remove all the cetaceans. **There is great Light being sent from the whale and dolphin families now that will only continue.** They feel and see what is occurring, and they know their role to anchor great Light and higher vibrations, as the Angelic guardians of the seas.

Recall as well that all of you came in to offer balance and renewal. And to restore courage even in the midst of great discouragement and grief. All of you are holding Light for those persons, places, homes, and histories seemingly lost; holding Light which assists greatly in the recovery of far more than what people feel is possible now. So be reassured, dear ones! The historical archives, the beautiful wood carvings of the elders, the Indigenous artifacts—all still exist in the etheric, and can be drawn forth from such.

All is not lost. Much is on the ships, and all of the etheric blueprints remain, for re-creation of these. **The Ashtar Command is more involved now in human life, not less. Their interventions are increasing, particularly due to the planned installation of the AI-controlled cities.**

You have decided, the Light Bearer soul groups now on the Earth, that these plans will not succeed. Know that even though in these times when extreme events occur, this is due to the depths of your own soul commitments and soul requirements, that the profound darkness that took over the planet for thousands of years now be *brought up to the surface, and released.* **And the heart chakra of your planet is still utterly in place, friends!**

There is no destruction there, no loss. **How could there be, with all of you holding so much Light in your own hearts and souls?** You yourselves hold the capacity for so much Joy! We can only assist as you request our help. And so in these moments when you ask questions, we flow energies and insights to sustain your outlook and your spirit. And to reassure you that somehow, even in the midst of seemingly terrible events, in that place in which your soul and its beautiful power resides, all still have full power and presence, and astounding co-Creative capabilities.

As you are building a New Earth, please allow these Transformative and Transmuting moments. For this you came.

All Is Well! Namaste, friends who are family! You are never forgotten, nor left behind. And we are with you, always.
